February 7, 2022

The Music Center put a Mandatory Vaccination Policy in place on October 1, 2021, for anyone who will be working in any of the venues within the TMC campus.

To be clear, this includes any employee of any company working in any capacity for any duration in any venue. Regardless, of any conflicting policies put in place by an employer of record, every employee working at a TMC venue will have to provide proof of their full vaccination. This is in accordance with The Music Center’s Vaccination Policy which was earlier provided to you.

Attached is a copy of The Music Center: Covid-19 Booster policy.

Please follow the instructions below to upload your Vaccine Card or Digital Verification. The Music Center has engaged G8Check Health & Safety to administer this process. Once your information is uploaded and confirmed, you will be Vaccine Verified for work at all The Music Center’s venues and each of their resident companies.

To register your vaccination status and Booster with G8Check, simply log on to: https://G8check.com/vaccine-authorization-themusiccenter

Fill out all information requested and upload photos of both the front and back of your official vaccine card.

Please understand that all medical information stored by G8Check will never be shared without your authorization.

If you have any questions about the process, please contact G8Check at (833) G8Check / (833) 482-4325 or hello@g8check.com.

Thank you.
The Music Center: COVID-19 Boosters

1. The Music Center’s COVID-19 Vaccination Policy (the “Policy”) complies with all applicable laws and is based on guidance from the Centers for Disease Control and Prevention and state and local health authorities, as applicable. The Policy states: “To the extent the CDC recommends booster shots for any COVID-19 vaccine, employees shall likewise be required to receive those in order to stay current with vaccines.”

2. On November 29, 2021, the CDC recommended all adults 18 years of age and older get a booster shot either when they are five (5) months after their initial Pfizer or Moderna series or two (2) months after their initial J&J vaccine (www.cdc.gov).

3. Effective January 17, 2022, all employees of The Music Center who are required to be vaccinated for COVID-19 under The Music Center’s COVID-19 Policy shall be required to timely obtain and show proof that they have received a booster within the timeframe recommended by the CDC, above.

4. COVID-19 vaccinations and boosters are free, whether an individual has health insurance or not. Vaccinations should be run through the employee’s health insurance and be submitted for reimbursement where applicable. To the extent there is any out-of-pocket cost to the employee, The Music Center will reimburse such costs.

5. All employees will be paid for time taken to receive vaccinations. The Music Center will be scheduling on-site vaccine clinics for employees and will provide those details to staff. For offsite vaccinations, employees are to work with their managers to schedule appropriate time to comply with this policy.

6. The Music Center will fulfill all required bargaining duties with regard to this policy’s effect on bargaining unit employees.
